The undersigned hereby makes application to South Buda WCID #1 for water services. We/I understand and agree that we/I will be responsible for all water services provided to the property described in this application until such time as service to the property is disconnected in accordance with the District's Rules and Regulations regarding utility services. We/I agree to comply with the District's Rules and Regulations and to pay for all utility services rendered to the property in a timely manner and understand that a violation of the Rules and Regulations may result in a penalty and/or termination of utility services to my/our property. We/I represent that the information above is true and correct.

House Bill 872 requires a government-operated utility may not disclose personal information in a customer's account record, or any information relating to the volume of units of usage or amounts billed on the account unless the customer requests that the government-operated utility disclose the information. By agreeing to service with the utility and signing below, you agree to have your information kept confidential with the government operated utility. A customer may request disclosure of their information by delivering to the government-operated a written request.

Decline confidentiality (only select this box if you do NOT want your information confidential)

**South Buda WCID #1 Customer Service Agreement**

**I. PURPOSE**

South Buda WCID #1 (the "Water System") is responsible for protecting the drinking water supply from contamination or pollution that could result from improper plumbing practices. The purpose of this Customer Service Agreement (the "Agreement") is to notify each customer of the plumbing restrictions that are in place to provide this protection. The utility enforces these restrictions to ensure the public health and welfare. Each customer must sign this Agreement before the South Buda WCID #1 will begin service. In addition, when service to an existing connection has been suspended or terminated, the Water System will not re-establish service unless it has a signed copy of this Agreement.

**II. PLUMBING RESTRICTIONS**

The following unacceptable plumbing practices are prohibited by State regulations.

A. No direct connection between the public drinking water supply and a potential source of contamination is permitted. Potential sources of contamination shall be isolated from the public water system by an air-gap or an appropriate backflow prevention device.

B. No cross-connection between the public drinking water supply and a private water system is permitted. These potential threats to the public drinking water supply shall be eliminated at the service connection by the installation of an air-gap or a reduced pressure-zone backflow prevention device.

C. No connection that allows water to be returned to the public water supply is permitted.

D. No pipe or pipe fitting which contains more than 8.0% lead may be used for the installation or repair of plumbing at any connection that provides water for human use.

E. No solder or flux that contains more than 0.2% lead can be used for the installation or repair of plumbing at any connection that provides water for human use.

F. Plumbing installed on or after January 4, 2014 bears the expected labeling indicating less than or equal to 0.25% lead content. If not properly labeled, please provide written comment

**III. CUSTOMER SERVICE AGREEMENT**

The following are the terms of the Customer Service Agreement between South Buda WCID #1 and \_\_\_\_\_ (the "Customer").

A. The Water System will maintain a copy of this Agreement as long as the Customer and/or the premises is connected to the Water System.

B. The Customer shall allow his property to be inspected for possible cross-connections and other unacceptable plumbing practices. These inspections shall be conducted by the Water System or its designated agent prior to initiating new water service; when there is reason to believe that cross-connections or other unacceptable plumbing practices exist; or after any major changes to the private plumbing facilities. The inspections shall be conducted during the Water System's normal business hours.

C. The Water System shall notify the Customer in writing of any cross-connection or other unacceptable plumbing practice that has been identified during the initial inspection or the periodic reinspection.

D. The Customer shall immediately correct any unacceptable plumbing on his premises.

E. The Customer shall, at his expense, properly install, test, and maintain any backflow prevention device required by the Water System. Copies of all testing and maintenance shall be provided to the Water System.

**IV. ENFORCEMENT**

If the Customer fails to comply with the terms of the Customer Service Agreement, the Water System shall, at its option, either terminate service or properly install, test, and maintain an appropriate backflow prevention device at the service connection. Any expenses associated with the enforcement of this Agreement shall be billed to the customer.

## **STAGE 1: AWARENESS Voluntary Conservation**

Effective: August 2015

Dear Resident:

We are pleased to inform you that all yard watering restrictions have been removed. The District is now observing "**STAGE 1: AWARENESS**" **Voluntary Conservation** water use restrictions. Mandatory restrictions are removed and the watering schedule below is voluntary. We encourage all customers to continue to follow the schedule and use water wisely and responsibly.

**STAGE 1: Voluntary Conservation guidelines** include irrigation of landscaped areas with hose-end sprinklers or automatic irrigation systems should be limited to the following:

**Mondays and Thursdays for customers with a street address ending in an even number (0, 2, 4, 6 or 8)**

**Tuesdays and Saturday for water customers with a street address ending in an odd number (1, 3, 5, 7 or 9).**

### ***Additional Voluntary Conservation Practices***

- Water garden, trees, flowers or other landscaped areas with hand held hose, a faucet filled bucket or watering can any day between 6:00 PM to 10:00 AM, and avoid unattended hoses.
- Utilize soaker hoses anywhere except lawns from 8:00 PM to 10:00 AM
- Limit vehicle washing with bucket or hand-held hose with automatic shut-off.
- Draw less water for bath or reduce shower time.
- Do not let water run while shaving, dish washing, brushing teeth, etc.
- Keep pools covered if not used on a daily basis.
- Use water displacement device in toilet tank.
- Install aerators on faucets.
- Utilize water re-use where possible.
- Replacement or retrofits with ultra low flow fixtures is encouraged.
- Use a broom or blower instead of a hose to wash off driveways, sidewalks, or streets.
- Use Commercial Car Washes that recycle water.

Your cooperation has been greatly appreciated. Should you have any questions regarding this notice, please contact the Billing Office at (512) 246-1400.
